

INDEX TO VOLUME XXIII

GENERAL INDEX

A

- Abdominal pain, cause of right-sided, in so-called chronic appendicitis, W. A. Bigelow 22.
- Abnormalities produced in the organism by electricity (abs.) 310.
- Abscess, paravertebral (abs.) 874
- “ subphrenic (abs.) 606.
- Academy of medicine, Toronto, collection of portraits and prints in (in abs.) 712.
- Achromatic lens, centenary of, W. H. Hattie 567.
- Acoustical materials as a menace in the hospital (hosp. serv.) 703.
- Acriflavine hydrochloride in treatment of undulant fever, D. S. Thurber 665.
- Adenopapillomata, multiple, of the stomach with malignancy, F. D. Ackman 391.
- Adhesions, diaphragmatic (abs.) 864.
- After-dinner complaints, G. C. Hale 815.
- Allergic migraine (abs.) 593.
- Allergy and immunity in tuberculosis (edit.) 683.
- Amytal (in abs.) 450.
- Anæmia, erythroblastic, roentgen-ray findings in (abs.) 605.
- “ in jaundice (abs.) 300.
- “ pernicious, effect of single massive doses of liver extract in (abs.) 453.
- “ “ in recent years (abs.) 460.
- “ sickle-cell, J. B. Scriver and T. R. Waugh 375.
- Anærobic streptococcal infection in puerperal fever (abs.) 598.
- Anæsthesia during childbirth (edit.) 564.
- “ ethylene (in abs.) 100.
- “ for operations upon the gravid uterus, H. W. Featherstone 505.
- “ spinal, complications of (abs.) 875.
- Anæsthetics and other drugs commonly used in labour, action on human uterus of (abs.) 875.
- Aneurism, four cases of, H. E. MacDermot 148.
- “ of middle meningeal artery, rupture of congenital, W. A. Harvie and L. A. Chase 252, 709.
- Angina, Ludwig's (edit.) 687.
- Angiomatosis, familial, of the retina and cerebellum (abs.) 722.
- Aniridia in three and four generations (abs.) 459.
- Ano-rectal region, three primary malignant epithelial tumours of, occurring in one person, D. M. Angevine 38.
- Antidiphtheric vaccine, accidental deaths in Belgium due to faulty administration of (in abs.) 590.
- Antral disease, rational surgical treatment of chronic, J. G. Hunt 386.
- Aorta and heart, syphilis of, S. S. Riven and J. Feigenbaum 656.
- “ rupture of (case rep.) C. J. Tidmarsh 416.
- Apocrypha, medical matters in (men and bks.) D. F. Fraser-Harris 694.
- Appendicitis, chronic, cause of right-sided abdominal pain in so-called, W. A. Bigelow 22.
- Appendix, acute intestinal obstruction involving, A. L. Lockwood 400.
- Apples, vitamin content of (edit.) 566.
- Archives of diseases in childhood (edit.) 832.
- Arteries, coronary, in familial liability to sudden death (abs.) 862.
- “ “ sclerosis and occlusion of, O. Klotz and W. Lloyd 359.
- Artery, middle meningeal, rupture of congenital aneurism of, (case rep.) W. A. Harvie and L. A. Chase 252, 709.

- Asbestos workers, occurrence of fibrosis and other pulmonary affections in (abs.) 872.
- Association of American physicians, presentation of a gavel to (men and bks.) N. B. Gwyn 75.
- Association notes. *See* page x.
- Atelectasis, persistent congenital (abs.) 312.
- Atrophy, hepatitis followed by, due to cinchophen derivatives (edit.) 830.
- “ orbital phlegmon and optic neuritis, dacryocystitis leading to, W. E. Scott-Moncrieff 251.

B

- Bacillus Calmette-Guérin, an experiment with (in abs.) 448.
- “ “ preventive vaccination with (in abs.) 709.
- “ “ vaccination with (edit.) 265.
- “ coli infections, K. D. Wilkinson 499.
- Back, end-results of manipulation of (abs.) 110.
- Bacterial endocarditis, acute, in infancy (abs.) 719.
- Bacteriophage in infections of urinary tract (abs.) 112.
- Banting institute, opening of 850.
- Basal metabolic rate, pitfalls in clinical application and interpretation of, I. M. Rabinowitch 152.
- Bilirubin in urine, diazo-method for detecting, G. Hunter 823.
- Biography, medical, of the Bond-Farish family (men and bks.) G. W. T. Farish 696.
- Birth traumatism as a factor in urinary infection, F. S. Patch 381.
- Bitters, administration of, V. E. Henderson 818.
- Bladder, papilloma of (abs.) 721.
- Blood cells, red, effect of chemically pure carbon monoxide and other gases upon (abs.) 873.
- “ count, Schilling, in prognosis of acute infections in children (abs.) 719.
- “ cultures, differential (in abs.) 560.
- “ detection of dry, on clothes, knives, etc., 254.
- “ platelets in pregnancy and puerperium (abs.) 718.
- “ pressure, high, influence of small amounts of iodide of potassium on (abs.) 310.
- “ sugar of diabetic patients, effect of certain liver extracts on (abs.) 452.
- “ tests in connection with drowning (in abs.) 254.
- Bloody diarrhoea. *See* Colitis.
- Bond-Farish family, medical biography of (men and bks.) G. W. T. Farish 696.
- Bone and joint tuberculosis, carbon-arc light treatment in (abs.) 306.
- “ lesions of the fingers, treatment of infective, L. H. McKim 642.
- “ and skeletal muscle involvement, Hodgkin's disease with (abs.) 312.
- Book of Canada (edit.) 267. (Corresp.) 589.
- Book reviews. *See* page x.
- Books used by consumptive persons, disinfection of (in abs.) 254.
- Bottle-fed and breast-fed infant, comparing (abs.) 868.
- Brain, gumma of (abs.) 602.
- Breast carcinoma, primary tumour in, Sir L. Cheate 621.
- “ fed and the bottle-fed infant, comparing (abs.) 868.
- “ roentgenologic study of (abs.) 605.
- British pharmacopœia, proposed new formulæ for (in abs.) 858.
- Bronchiectasis, treatment of; lobectomy (abs.) 596.
- Broncho-pulmonary, non-tuberculous infection, R. L. Hamilton 30.
- Bronchus, left lower molar tooth in (case rep.) D. H. Ballou 821.
- Buccal carcinoma, radium treatment of, G. E. Birkett 780.

C

- Caecum, solitary diverticulitis of (case rep.) A. Stewart 675.
- Calcareous deposits in the lung, painful (abs.) 107.
- Calculus, giant ureteral (case rep.) F. S. Patch 553.
- Canadian medical development, early, part played by Scotland in (men and bks.) J. D. Comrie 841.
- “ national committee on mental hygiene (edit.) 832.
- Cancer development, mechanism of, H. Oertel 183.
- “ of larynx, diagnosis of, E. D. D. Davis 521.
- “ medical treatment of (abs.) 714.
- “ occupational, in America (edit.) 428.
- “ producing substances (in abs.) 449.
- “ of the tongue, radium treatment, S. Cade 771.
- “ “ “ “ and surgery of, D. Quick 774.
- Carbon-arc-light treatment in bone and joint tuberculosis (abs.) 306.
- “ dioxide foam baths and Nauheim treatment, L. Shillito 423.
- “ monoxide, chemically pure, and other gases, effect on fragility of red blood cells (abs.) 873.
- Carcinoma, breast, primary tumour in, Sir L. Cheate 621.
- “ buccal, radium treatment of, G. E. Birkett 780.
- “ of the lung, pathology of primary, W. Boyd 210.
- “ “ “ primary (abs.) 452.
- “ modern methods in treatment, F. B. Gurd 784.
- “ primary, of the Fallopian tubes (abs.) 598.
- “ of the thymus with extensive metastases in a new-born child, G. V. Bedford 197.
- Carson, Herbert William, in memoriam (edit.) 834.
- Cauda equina, differential diagnosis of neoplastic and inflammatory lesions of (abs.) 309.
- Cerebellum and retina, familial angiomatosis of (abs.) 722.
- Cerebrospinal fluid, protein content of (abs.) 457.
- “ Takata-Ara test for, D. E. Cameron and R. McCulloch 557.
- Cervix, chronic infection of (abs.) 111.
- Chemistry of the tubercle bacillus (edit.) 255.
- Childbirth, anaesthesia during (edit.) 564.
- Childhood, human contagion and tuberculous infection in (abs.) 457.
- Children, electrocardiographic changes in quiescent rheumatic heart disease in (abs.) 106.
- “ preliminary medication in, W. E. Martin 672.
- “ prolapse of rectum of (abs.) 454.
- “ Schilling blood count in prognosis of acute infections in (abs.) 719.
- “ significance of limping in, G. A. Ramsay 531.
- “ treatment of empyema in (abs.) 864.
- “ underweight, increased growth secured by use of wheat germ (abs.) 600.
- Chinese pharmacopoeia, B. E. Read 568.
- Chorea, nirvanol treatment of (abs.) 306.
- Chorioepithelioma (abs.) 717.
- Chromosomes in man (in abs.) 709.
- Cinchophen derivatives, hepatitis followed by atrophy due to (edit.) 830.
- Circulation, method of determining in limbs of diabetics, (abs.) 714.
- Climate, infant diarrhoea and enteritis (abs.) 311.
- Clinical teaching. *See* Teaching.
- Clinics and health associations relation of, to the medical profession (abs.) 301.
- Colitis, ulcerative, and bloody diarrhoea, psychogenic factors in etiology of (abs.) 593.
- Colon, nervous indigestion and, P. M. Macdonnell 28.
- Communicable diseases, care of, in general hospitals (abs.) 723.
- Complement fixation in scarlet fever with immune sera, F. Green 798.
- Congenital dislocation of the hip, treatment, H. P. H. Galloway 650.
- Congo red, control of hæmorrhage with (abs.) 603.
- Conjunctiva, diphtheria of (case rep.) S. H. McKee and E. V. Murphy 555.

- Conqueror's physician (men and bks.) 78.
- Consumptive persons, disinfection of books used by (in abs.) 254.
- Contraceptive methods, types recommended by nine British birth-control clinics (abs.) 107.
- Convulsions, severe, disseminated sclerosis causing (case rep.) C. B. Rich 820.
- Cord, liver therapy in subacute combined degeneration of, R. F. Farquharson and D. Graham 237.
- Coronary arteries in familial liability to sudden death (abs.) 862.
- “ orifices, occlusion of both (abs.) 299.
- “ thrombosis, R. W. Scott 366.
- Correspondence. *See* page x.
- Cough, mixtures to depress, V. E. Henderson 673.
- Cranial and intracranial injury in new born, symptomatology and immediate treatment of (abs.) 867.
- Croup (abs.) 599.
- Cultures, differential blood (in abs.) 560.
- Cyanotic attacks in the new born infant, hypoplasia of mandible as cause of (abs.) 869.
- Cysts and sinuses, thyroglossal (abs.) 595.

D

- Dacryo-cystitis leading to orbital phlegmon, optic neuritis and atrophy (case rep.) W. E. Scott-Moncrieff 251.
- Death, causes of, by occupation (abs.) 459.
- “ “ “ in uncomplicated high intestinal obstruction (abs.) 863.
- “ on operating table from status lymphaticus (case rep.) C. C. Stewart 59.
- Deaths, accidental, in Belgium, through faulty administration of antidiphtheric vaccine (in abs.) 590.
- Dental radiograms (edit.) 430.
- Diabetes, improved methods in treating (edit.) 566.
- “ insipidus (case rep.) L. M. Lindsay 819.
- “ mellitus, high carbohydrate-low calory diet for, I. M. Rabinowitch 489.
- “ paralysis of the oculomotor nerve trunks in (abs.) 309.
- “ pulmonary tuberculosis in patients with (abs.) 593.
- Diabetic neuritis with paralysis (abs.) 301.
- “ patients, effect of certain liver extracts on blood sugar of (abs.) 452.
- “ “ retinitis in (abs.) 308.
- “ surgical problems presented by, A. T. Bazin 146.
- Diabetics, method for determining circulation in limbs of (abs.) 714.
- Diaphragmatic adhesions (abs.) 864.
- Diarrhoea, bloody, and ulcerative colitis, psychogenic factors in etiology of (abs.) 593.
- “ infant, enteritis and climate (abs.) 311.
- Diazo method for detecting bilirubin in urine, G. Hunter 823.
- Dick test and puerperal infection (edit.) 66.
- Diet, high carbohydrate-low calory, for diabetes mellitus, I. M. Rabinowitch 489.
- Dietary correction of obesity (abs.) 300.
- “ deficiencies of milk, nature of (abs.) 874.
- Diets, influence of acid and base-forming, on metabolism of rats (abs.) 719.
- Digitalis in clinical practice, important differences in the potency of (abs.) 114.
- “ “ lobar pneumonia (edit.) 685.
- Diphtheria bacilli, infection of surgical wounds with, F. H. Prissick 767.
- “ toxoid in prevention of diphtheria in Canada, J. G. FitzGerald 178.
- “ of the conjunctiva (case rep.) S. H. McKee and E. V. Murphy 555.
- Disease in childhood (edit.) 266.
- Disinfection of books used by consumptive persons (in abs.) 254.
- Diverticula, congenital, in greater curvature of fundus of stomach, W. B. Allan 43.
- “ of the sigmoid (abs.) 865.

- Diverticulitis, solitary, of the cæcum (case rep.) A. Stewart 675.
 Drowning, blood tests in connection with (in abs.) 254.
 Drug addiction, W. E. Dixon 747.
 " " in America (in abs.) 859.
 Drugs, better prescribing of (edit.) 432.
 " narcotic, traffic in (edit.) 831.
 " selection of, in hospitals (in abs.) 100.
 Duodenitis and duodenal ulcer (abs.) 454.
 Duodenum, detection of an insular hormone in, N. B. Laughton and A. B. Macallum 348.
 Dysentery bacillus Sonne infections (abs.) 872.
 Dyspepsia, R. Hutchison 137.
 Dysplasia, hereditary ectodermal (abs.) 862.
 Dystrophy, pseudo-hypertrophic muscular, in brothers (abs.) 108.

E

- Editorials. See page x.
 Education of the public in health (edit.) 562.
 Elder, J. M., and Shepherd, F. J. (in Master Surgeons of America series) (edit.) 833.
 Electrical accidents, first-aid in (in abs.) 591.
 Electricity, abnormalities produced in the organism by (abs.) 310.
 Electrocardiographic changes in quiescent rheumatic heart disease in children and young adults (abs.) 106.
 Electrophoresis of neisseria intracellularis, J. Gibbard 689.
 Empyema in children, treatment (abs.) 864.
 " " infancy, partial rib-removal with closed drainage in acute (abs.) 109.
 " " tuberculous, surgical treatment of, E. Archibald 160.
 Encephalitic Parkinsonism, treatment of chronic (abs.) 301.
 Encephalitis, influenzal (abs.) 602.
 Endocarditis, acute bacterial, in infancy (abs.) 719.
 " gonorrhoeal, with recovery (abs.) 107.
 English panel system (corresp.) 298.
 Eosinophilia, familial (abs.) 862.
 Epicondylitis humeri (tennis elbow) (abs.) 109.
 Epidemiology in state and city health organization (abs.) 310.
 Epilepsy, G. F. Boyer and W. W. Barraclough 420.
 " radical treatment of traumatic, and its rationale, W. Penfield 189.
 Epithelial tumours, three primary malignant, of ano-rectal region, occurring in one person, D. M. Angevine 38.
 Ergosterol, non-effect of irradiated, in fractures (abs.) 717.
 Erythroblastic anaemia. See Anaemia.
 Erythrocyte sedimentation, plasma fibrinogen and leukocytosis as indices of rheumatic infection (abs.) 300.
 Ethyl chloride, V. E. Henderson and A. S. Kennedy 226.
 Ethylene anaesthesia. See Anaesthesia.
 Expectorant mixtures, flavouring of, J. F. Johnston 412.
 Explosion hazard, eliminating of in operating rooms (abs.) 606.
 Extracts, placental, A. D. Campbell and J. B. Collip 633.
 Extra-uterine pregnancy, full-time (case rep.) L. D. Wilcox 60.

F

- Fallopian tubes, primary carcinoma of (abs.) 598.
 Federation of medical women in Canada (med. soc.) 585.
 Feeding, artificial, in infancy, H. P. Wright and A. K. Geddes 537.
 " methods and their application, A. Goldbloom 807.
 Female, diagnosis and treatment of sterility, M. C. Watson 17.
 Fever, puerperal, infection by anaerobic streptococci in (abs.) 598.
 " scarlet, E. F. Taylor 56.
 " " complement fixation with immune sera, F. Green 798.

- Fever, undulant, acriflavine hydrochloride in treatment of, D. S. Thurber 665.
 " " in Alberta (case rep.) J. S. Murray 247.
 " " " Manitoba (case rep.) C. M. McIntyre 677.
 " " " province of Quebec (case rep.) M. R. Stalker and J. B. Ross 62.
 Fibrosis and other pulmonary affections in asbestos workers (abs.) 872.
 Filter-passing viruses (edit.) 67.
 Fingers, treatment of infective bone lesions of, L. H. McKim 642.
 First-aid in electrical accidents (in abs.) 591.
 Fishbone in the trachea of a young child (case rep.) D. H. Ballou 822.
 Flavouring of expectorant mixtures, J. F. Johnston 412.
 Foetor oris, etiology of (edit.) 265.
 Fractures, non-effect of irradiated ergosterol in treatment of (abs.) 717.
 Freeman, Dr. Clarkson (men and bks.) S. H. Corrigan 438.
 Frontal lobe, lesions of (abs.) 871.

G

- Gas hazard, another (in abs.) 860.
 Gastric juice in pregnancy, observations on (abs.) 866.
 " secretion, histamine as a test of, from a physiological point of view, B. P. Babkin 268.
 Gastro-intestinal obstruction (abs.) 605.
 Gastroplasty, lesser curvature, J. Armour 756.
 General practitioner, present and future status of, in New Hampshire (abs.) 863.
 Genito-urinary organs, atypical tuberculosis of (abs.) 112.
 " tract, anomalies of, A. C. Abbott 217.
 Giant-cell tumour, metastatic, recurrent and so-called (abs.) 596.
 Glomerulo-nephritis, chronic syphilitic, with demonstration of the spirochaetes in the kidney, J. Miller and W. D. Hay 202.
 Glucose, absorption of, per rectum (abs.) 107.
 Goitre, exophthalmic, myxoedema during administration of iodine in (abs.) 452.
 " management of poor surgical risk (abs.) 455.
 " and its relationship to industry, C. K. P. Henry 51.
 Gonococcal infections of the kidney, ureter and bladder (abs.) 307.
 Gonorrhoeal endocarditis with recovery (abs.) 107.
 Granuloma inguinale, F. S. Patch and C. L. Blew 637.
 Gravid uterus, anaesthesia for operations, H. W. Featherstone 505.
 Gumma of the brain (abs.) 602.
 Gynaecology, radium in, S. Forsdike 792.

H

- Habit clinics (abs.) 602.
 Hæmatomyelia associated with hæmophilia (abs.) 108.
 Hæmaturia from inhaling turpentine (abs.) 591.
 Hæmophilia, hæmatomyelia associated with (abs.) 108.
 " transmission of (abs.) 715.
 Hæmorrhage, control of, with congo red (abs.) 603.
 " intracranial, in new born (abs.) 867.
 " " obstetrical aspect of (abs.) 867.
 " at the outposts, N. M. Guio 679.
 " post-menopausal (abs.) 598.
 Hæmorrhoids, internal, injection treatment (abs.) 595.
 Haffkine, the late W. M. W. (edit.) 833.
 Hand injuries and their compensation, E. St. Jacques 410.
 Handicapped, care of, E. Hochhauser 540.
 Health associations, relation of clinics and, to the medical profession (abs.) 301.
 " education of the public in (edit.) 562.
 " insurance in British Columbia, J. H. MacDermot 173.
 " organization of the league of nations (edit.) 825.
 Hearing of school children as measured by audiometer and as related to school work (abs.) 311.

- Heart and aorta, syphilis of, S. S. Riven and J. Feigenbaum 656.
- " block, complete, associated with rapid ventricular rate (abs.) 299.
- " disease in middle life, A. J. Mackenzie 370.
- " " patient with, as a surgical risk (abs.) 715.
- " " in pregnancy, L. M. Murray 535.
- " " prevention of (abs.) 713.
- " " rheumatic, in children, electrocardiographic changes in quiescent (abs.) 106.
- " " and tuberculosis, pregnancy complicated by, W. B. Henry 805.
- Hepatitis followed by atrophy due to cinchophen derivatives (edit.) 830.
- Hereditary recurrent dislocation of patella (abs.) 865.
- Hernia, massive scrotal (case rep.) L. J. Adams 58.
- " ventral and inguinal, late results of living suture operation in, W. E. Gallie 165.
- Hernial sac, strips of, as fascial (living) suture (abs.) 109.
- Hip, treatment of congenital dislocation, H. P. H. Gallo-way 650.
- Histamine as a test of gastric secretion from a physiological point of view, B. P. Babkin 268.
- Hodgkins' disease with bone and skeletal muscle involvement (abs.) 312.
